GlogauAIR Project Space - Glogauer Str. 16 Berlin 10999

[GlogauAIR](#) in Berlin is pleased to announce the exhibition “**The Eternal Network**”, supported by [La Memoria Artística Chema Alvargonzalez](#), curated by our Online Program Head curator, Laura Olea López. The exhibition will run from September 11th to September 21st, 2024. With a **public opening on Sept 11 from 6:00 PM to 9:00 PM**. This show celebrates the global community of artists supported through GlogauAIR’s Online Program Residence since 2020. It is a portrait of our international program, materialized here in a group show, to listen to different voices and approach complementary methodologies with artworks of former residents.

The group exhibition showcases works by Chema Alvargonzález (Spain) with the works by Michalina W. Klasik (Poland), Hyunseo Cho (South Korea), Ellen-Rose Wallace (Ireland), Daniela Stubbs-Levi (Peru), and a collaborative painting initiated by Aitor Lajarín Encina (Spain) continued by Carlos Asensio, Sofia Bevione, Savanna Fortgang, Sergei Kurek, Elizabeth Littlejohn, Laura Olea Lopez, Julia Rigby, and Mason Weiss.

“**The Eternal Network**” is inspired by the Fluxus artist Robert Filliou and offers us a unique opportunity to explore the interconnection and the capability of working together through telepathy, as seen in his installation ‘Musique Télépathique N°5’ from around 1976. Today, tools like Zoom or shared mind maps seem to serve as channels for this interconnection, making that ‘telepathy’ visible through continuous interaction that promotes creation, critical thinking, and the enrichment of multidisciplinary art practices. Filliou’s concept of Permanent Creation deeply influenced by GlogauAIR’s founder Chema Alvargonzález, shaping not only his artistic practice but also the founding of La Escuelita – as GlogauAIR is known among Chema’s family and friends, which reminds us of the extensive reach of the network he established in 2006 and which continues to inspire alongside our On-line Program.

Visitors are invited to experience the exhibition at GlogauAIR that unites artists in an exchange that celebrate the diversity and openness that define Europe today during our Venirssage event on Wednesday **11th of September from 6:00PM to 9:00PM** and our regular opening hours for the space on **Tuesday to Saturday from 2:00 PM to 6:00 PM until 21st of September**.
